MEDICINAL.

A WOMAN'S RISK

As a trapeze performer is greater than a man's. She must have a man's courage and a man's muscle to succeed. But she must also work under conditions of which a man knows nothing. Many an accident to women acrobats must be attributed to the sudden weakness to which all women are subject at certain times.

Dr. Pierce's Favorite Prescription heals the womanly diseases which cause weakness. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"With pleasure I write to-day in praise of Dr. Pierce's medicine," says Mrs. Mary Conway, of Appleton, Lawrence Co., Tenn. "I was troubled with female disease, the lack of my head hurt me so I could not lie in bed and I would have to sit up, and then I would have such pains from my waist down I could scarcely raise up. My feet and hands would feel almost like ice. Since taking Dr. Pierce's Favorite Prescription I can sleep well all night. Could hardly drag around before I took your medicine, and now can do my housework and help my husband in the field. Words cannot express the thanks I owe to Dr. Pierce."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send at one-cent stamps for the cloth-bound volume, or only at stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

MURDER FOLLOWS RELIGIOUS ARGUMENT.—For the third time in the history of the Eastern penitentiary at Philadelphia that institution was yesterday the scene of a most brutal murder.

The victim was James Pratt, a negro, aged thirty-seven years, who was serving a sentence of twenty years for burglary, committed last August. The crime was perpetrated by Cornelius Bush, twenty-one years old, also colored, sentenced to two years imprisonment for assault and battery. The murder, which resulted from a religious argument, was committed yesterday morning, but was not discovered until J. D. Smith, an overseer, carried breakfast to the men, who were cellmates. He found only Bush in the cell, and upon investigating, discovered the decapitated body of Pratt, wrapped in blankets and sheets, lying in a corner.

On a small table the head of the murdered man was found tied up in an old shirt. Bush was placed under guard in another cell, and a coroner was summoned to the penitentiary. To him Bush told the details of the crime. He said Pratt and himself had quarreled all Tuesday night about religious matters. Finally Pratt lay down on his bunk, and after he had fallen asleep Bush crushed his skull with a stool. Then with a knife that both had used at meal times he severed his victim's head. After wrapping up the head and body Bush retired and slept soundly until nearly 7 o'clock yesterday morning. Eighteen years ago Keeper Doran was killed by an inmate named Taylor, and about eight years ago Keeper James Bloomer was stabbed to death by an insane prisoner.

STORM AT DANVILLE.—A storm swept over the Danville section yesterday, doing considerable damage. Houses, barns and stables were demolished, and a tract of woodland 50 feet wide was swept clean.

The storm raged fiercest in and around Design, a small hamlet about two miles north of Danville. A stable on the farm of N. H. Horner was demolished. The building was overturned and a valuable horse was killed. An ice-house on the same place was carried away, parts of the building being found several hundred yards from its original position. Barns throughout the storm territory are down. The home places of Messrs. Royal and Roberts are wrecks. A large porch surrounding three sides of the Royal homestead was cut from the rest of the building and dropped in the yard. The Roberts home was partly unroofed. The families of both men escaped injury. Dr. Cook was struck by flying timber, but escaped with a few bruises. The path of the storm is marked by fallen trees. Hundreds of dollars' worth of large trees were torn up by the roots. The monetary damage has not been estimated.

AN AWFUL CHOICE.—Thomas Mangle, of Philadelphia, came face to face with death on Tuesday, and was required to make a choice between the life of his young wife or his three little children. He chose the children and death took the mother. The story lies in that fearful alternative. Mangle made his selection, and for the rest of his life he will have memory for a companion. The inquest was held yesterday, and the man told of the test to which he was subjected in the kitchen of his small home on Callowhill street. The mark of the decision was stamped deep upon him. Every hearer followed the broken words with a sympathetic sense of what they had been spared in life themselves.

Mangle said, "and had to go to bed, as I was on night work. In her hurry to get me something to eat my wife used coal oil on the fire and her dress caught. Our three babies were around us. I tried to save her and I tried to save them. I finally got them to safety, but by then she was terribly burned, and I could do nothing to help her." A verdict of death from accidental burns was rendered.

BOUNTIES FOR EX-SLAVES.—Senator Hanna yesterday introduced a bill granting pensions and bounties to all ex-slaves who were freed by the proclamation of Lincoln during the war between the States. It provides that persons over fifty years of age and less than sixty, whether male or female, shall receive a cash bounty of \$100 and monthly pensions of \$8 per month; persons between sixty and seventy years old a bounty of \$300 and a pension of \$12 per month, and persons over seventy years old a bounty of \$500 and a pension of \$15 per month. The bill also provides for the payment of the bounty and pension to relatives who may be charged with the care of ex-slaves. President Mitchell, of the National Industrial Council, at whose request the bill was introduced, issued a statement last night to the effect that no one has authority to charge the petitioners, who will benefit should the bill become law, any money to further its passage.

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the dealer's enormous profits. That's why HAYNER WHISKY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

ALEXANDRIA STEAM BAKERY.

NARROW ESCAPE.—Stewart, the little son of John Stewart Walker, of Lynchburg, went into the bathroom of his home yesterday morning and, jumping on the side of the bathtub, sought to turn on the electric light. With one hand he balanced himself by taking hold of an iron water pipe. A wire carrying a current for the city are light had broken just outside the house. Falling across the incandescent-light wire, it had carried at least 1,000 volts of electricity into the Walker dwelling. Little Stewart, by grasping the iron pipe and the incandescent lamp, completed the circuit, and the 1,000 volts passed through him. His father happened to see the flames from his hand. With a heavy blow he knocked his son down and freed him from his dangerous position. The boy was unconscious and was badly burned, but he has rallied and will recover.

HUNDREDS DIE IN DISASTERS.—The steamer Empress of China brings news to Victoria, B. C., of a land-slide at Nankin, in which 200 Chinese were buried, hundreds of others maimed and scores of river craft sunk. The land-slide occurred at the dock where the steamers Perang, Butterfield and Sures Hulk were discharging their cargoes. The dead and injured were mostly spectators. News is also brought of the drowning of 50 workmen by the sinking of a launch in a squall in Kobe harbor, Japan, January 17. Sixty-four miners were burned to death in a fire that occurred January 17 in Urushub colliery, Japan, caused by a miner accidentally igniting a dynamite fuse. As a result of a combat between 100 fishing smacks off the Japanese coast 45 men are reported killed. The plague is increasing at Tokio.

A NEW REMEDY.—The old friends of Chamberlain's Cough Remedy will be pleased to know that the manufacturers of that preparation have gotten out a new remedy called Chamberlain's Stomach and Liver Tablets, and that it is meeting with much success in the treatment of constipation, biliousness, sick headache, impaired digestion and like disorders. These Tablets are easy to take and more pleasant in effect than pills, then they not only move the bowels, but improve the appetite and correct any disorders of the stomach and liver. For sale by Richard Gibbons, druggist.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery Doan's Ointment cures. At any drug store.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren street, New York.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. E. S. Leadbeater & Son.
